Indore, India

29th - 30th November, 2014

InvesTrade group is organizing its 1st Advanced Technical Traders' Conference in Indore, India in November 2014.

InvesTrade group was formed as a voluntary group of likeminded individuals in Indore as there was a lack of knowledge sharing platform on Technical trading, be it Stocks, Commodities or Currency market trading. The platform is an open forum where those interested in trading can join and learn and share ideas. After more than 3 years of regular meetings, we decided to organize an Advanced Technical Traders' Conference in Indore, India.

The content will be original, high quality and of tremendous benefit to attendees. We welcome you all to this conference to learn, share, interact and discuss technical trading concepts & ideas.
